## JENNIFER'S MFG.LTD.,HAIYAN 5 Layer Supermarket Retail Display Shelves

**5 Layer Supermarket Retail Display Shelves** is one of our main products which made of steel and wood. Store heavy equipment or supplies with this Hirsh Industries 150cm\*45cm\*183cm heavy-duty five-shelf boltless shelving unit. Designed to meet the needs of office, commercial, or industrial settings, this shelving unit has an outstanding weight capacity of 1000kg. when the weight is evenly distributed across all the shelves. The frame is made of durable riveted steel with a gunmetal gray powder coat finish that provides rust resistance for a longer product life. Each shelf is made of rugged laminated material, too. Since the shelves are solid, they are great for storing items that might tip over or fall through regular wire shelves or vented shelves. This versatile shelving unit has a boltless design. This means that it goes together easily with just the use of a rubber mallet. Plus, this shelving unit can be assembled either vertically or horizontally, depending on the needs of your storage space. The posts also conceal the corners of the shelves and rivet assemblies from the outside for a professional look!
